

FOLSOM/LAKE/NATOMA

Quaternary Sediments

- Q Alluvium
- t Mine and dredge tailings
- Qa Levee and channel deposites
- Qm Modesto Formation (alluvium)
- Qr Riverbank Formation (alluvium)
- Qmr Modesto-Riverbank Formation (Arkasic alluvium)
- Qtl Turlock Lake Formation (sand, silt, and gravel)

Tertiary Sedimentary Rocks

- Tl Laguna Formation consolidated alluvial deposits
- Tm Mehrten Formation andesitic conglomerate, sandstone, and breccia
- Ti lone Formation quartzose sandstone and kaolinitic clay

Cretaceous Metasedimentary Rocks

- Jss Salt Spring Slate
- Jch Copper Hill Volcanics
- Jgo Gopher Ridge Volcanics

Mesozoic Metamorphic Rocks

- ms metasedimentary rocks in melange
- mv metavolcanic rocks in melange

Plutonic Rocks

- Mzd Mesozoic dioritic rocks
- gb Gabbroic rocks
- um Ultramafic rocks
